**An Imperialist Love**

**Story** Amira Jarmakani  
2015-07-31 A curious  
figure stalks the pages  
of a distinct subset of  
mass-market romance  
novels, aptly called  
“desert romances.”  
Animalistic yet  
sensitive, dark and  
attractive, the desert  
prince or sheikh

emanates manliness and  
raw, sexual power. In  
the years since  
September 11, 2001, the  
sheikh character has  
steadily risen in  
popularity in romance  
novels, even while  
depictions of Arab  
masculinity as backward  
and violent in nature  
have dominated the  
cultural landscape. An  
Imperialist Love Story  
contributes to the  
broader conversation  
about the legacy of  
orientalist  
representations of Arabs  
in Western popular  
culture. Combining close  
readings of novels,  
discursive analysis of  
blogs and forums, and  
interviews with authors,  
Jarmakani explores  
popular investments in  
the war on terror by  
examining the collisions  
between fantasy and  
reality in desert  
romances. Focusing on  
issues of security,  
freedom, and liberal

multiculturalism, she foregrounds the role that desire plays in contemporary formations of U.S. imperialism. Drawing on transnational feminist theory and cultural studies, *An Imperialist Love Story* offers a radical reinterpretation of the war on terror, demonstrating romance to be a powerful framework for understanding how it works, and how it perseveres.

**Dream's End** Diana Palmer 2009-07-01 MAKE IT HAPPEN! That's what shy secretary Eleanor Perrie was determined to do! She was fed up with Curry Matherson's treatment of her. His nontreatment, that is. Her tall, dark Texan boss--the man who consumed her every thought--barely even looked at her. It was a

**Animated Landscapes**

Chris Pallant 2015-08-27

Winner of the 2017 McLaren-Lambart Award for Best Book on the Subject of Animation Studying landscape in cinema isn't quite new; it'd be hard to imagine Woody Allen without New York, or the French New Wave without Paris. But the focus on live-action cinema leaves a significant gap in studying animated films. With the almost total pervasiveness of animation today, this collection provides the reader with a greater sense of how the animated landscapes of the present relate to those of the past. Including essays from international perspectives, *Animated Landscapes* introduces an idea that has seemed, literally, to be in the background of animation studies. The collection provides a timely counterpoint to the dominance of character

(be that either animated characters such as Mickey Mouse or real world personalities such as Walt Disney) that exists within animation scholarship (and film studies more generally). Chapters address a wide range of topics including history, case studies in national contexts (including Australia, Japan, China and Latvia), the traversal of animated landscape, the animation of fantastical landscapes, and the animation of interactive landscapes. *Animated Landscapes* promises to be an invaluable addition to the existing literature, for the most overlooked aspect of animation.

One day Parker has a family meeting to discuss leadership of the company after his father's sudden death. *Silhouette* S. E. Cooper 2017-01-04 "Daddy, what is a white lie?" My father put down his spoon and looked at me

thoughtfully. "Why'd you ask, Princess?" "I heard you talking yesterday and you said 'one more white lie isn't going to make a difference.' I just want to know what you meant." "You heard that, huh?" My father tilted his head to study me. "It's just a small lie you tell when you don't want to hurt someone's feelings. It's nothing for you to worry about." My eyes grew wide. "Like when you told Aunt Rena that her pie was good even though it tasted icky?"

"Exactly." He smiled. "Or when you told the man last week that you hadn't seen Uncle Bruno and you had?" The Smile fell from his face and he straightened in his chair. "No, Princess, that was a different kind of lie." Scrunching up my nose, I asked, "What kind of lie was that?" My father swallowed hard before

replying. "That's the kind of lie where you have to have a real good memory." As an inquisitive child, the woman known as Clarissa Solano, could never have imagined how significant those words would become. That she would spend years twisting the truth: hoping and praying that she would not contradict herself and expose the secrets she keeps locked inside. Most of the people in her life don't really know her at all. She forces them to swallow her lies, but she is the one who feels the bitter aftertaste of deception. When Lane Hunter sweeps into her life, she finds herself opening up in ways she never thought possible. He sees beyond the facade to the woman beneath and knows instantly that he wants her. However, all is not as it seems and when secrets and lies are

exposed, it threatens to destroy them all. This is the first book in a series of standalone HEAs"
