A History of the Theatre Costume Business Triffin I. Morris 2021-09-30 A History of the Theatre Costume Business is the first-ever comprehensive book on the subject, as related by award-winning actors and designers, and first hand by the drapers, tailors, and craftspeople who make the clothes that dazzle on stage. Readers will learn why stage clothes are made today, by whom, and how. They will also learn how today's shops and ateliers arose from the shops and makers who founded the business. This never-before-told story shows that there is as much drama behind the scenes as there is in the performance: famous actors relate their intimate experiences in the fitting room, the glories of gorgeous costumes, and the mortification when things go wrong, while the costume makers explain how famous shows were created with toil, tears, and sweat, and sometimes even a little blood. This is history told by the people who were present at the creation – some of whom are no longer around to tell their own story. Based on original research and first-hand reporting, A History of the Theatre Costume Business is written for theatre professionals: actors, directors, producers, costume makers, and designers. It is also an excellent resource for all theatregoers who have marveled at the gorgeous dresses and fanciful costumes that create the magic on stage, as well as for the next generation of drapers and designers.
